# BENCH

“Working in an office has never been so much fun.”

Ideal for workspaces that require plenty of mobility and a networking ambiance for sharing of thoughts and ideas. The bench system with cushioned seating and user-friendly configuration is what drives efficiency in an office space.

An intuitive structure with integral cable management system, it allows flexible seating arrangements for informal meetings and collaborative work.

# With integral cable management system

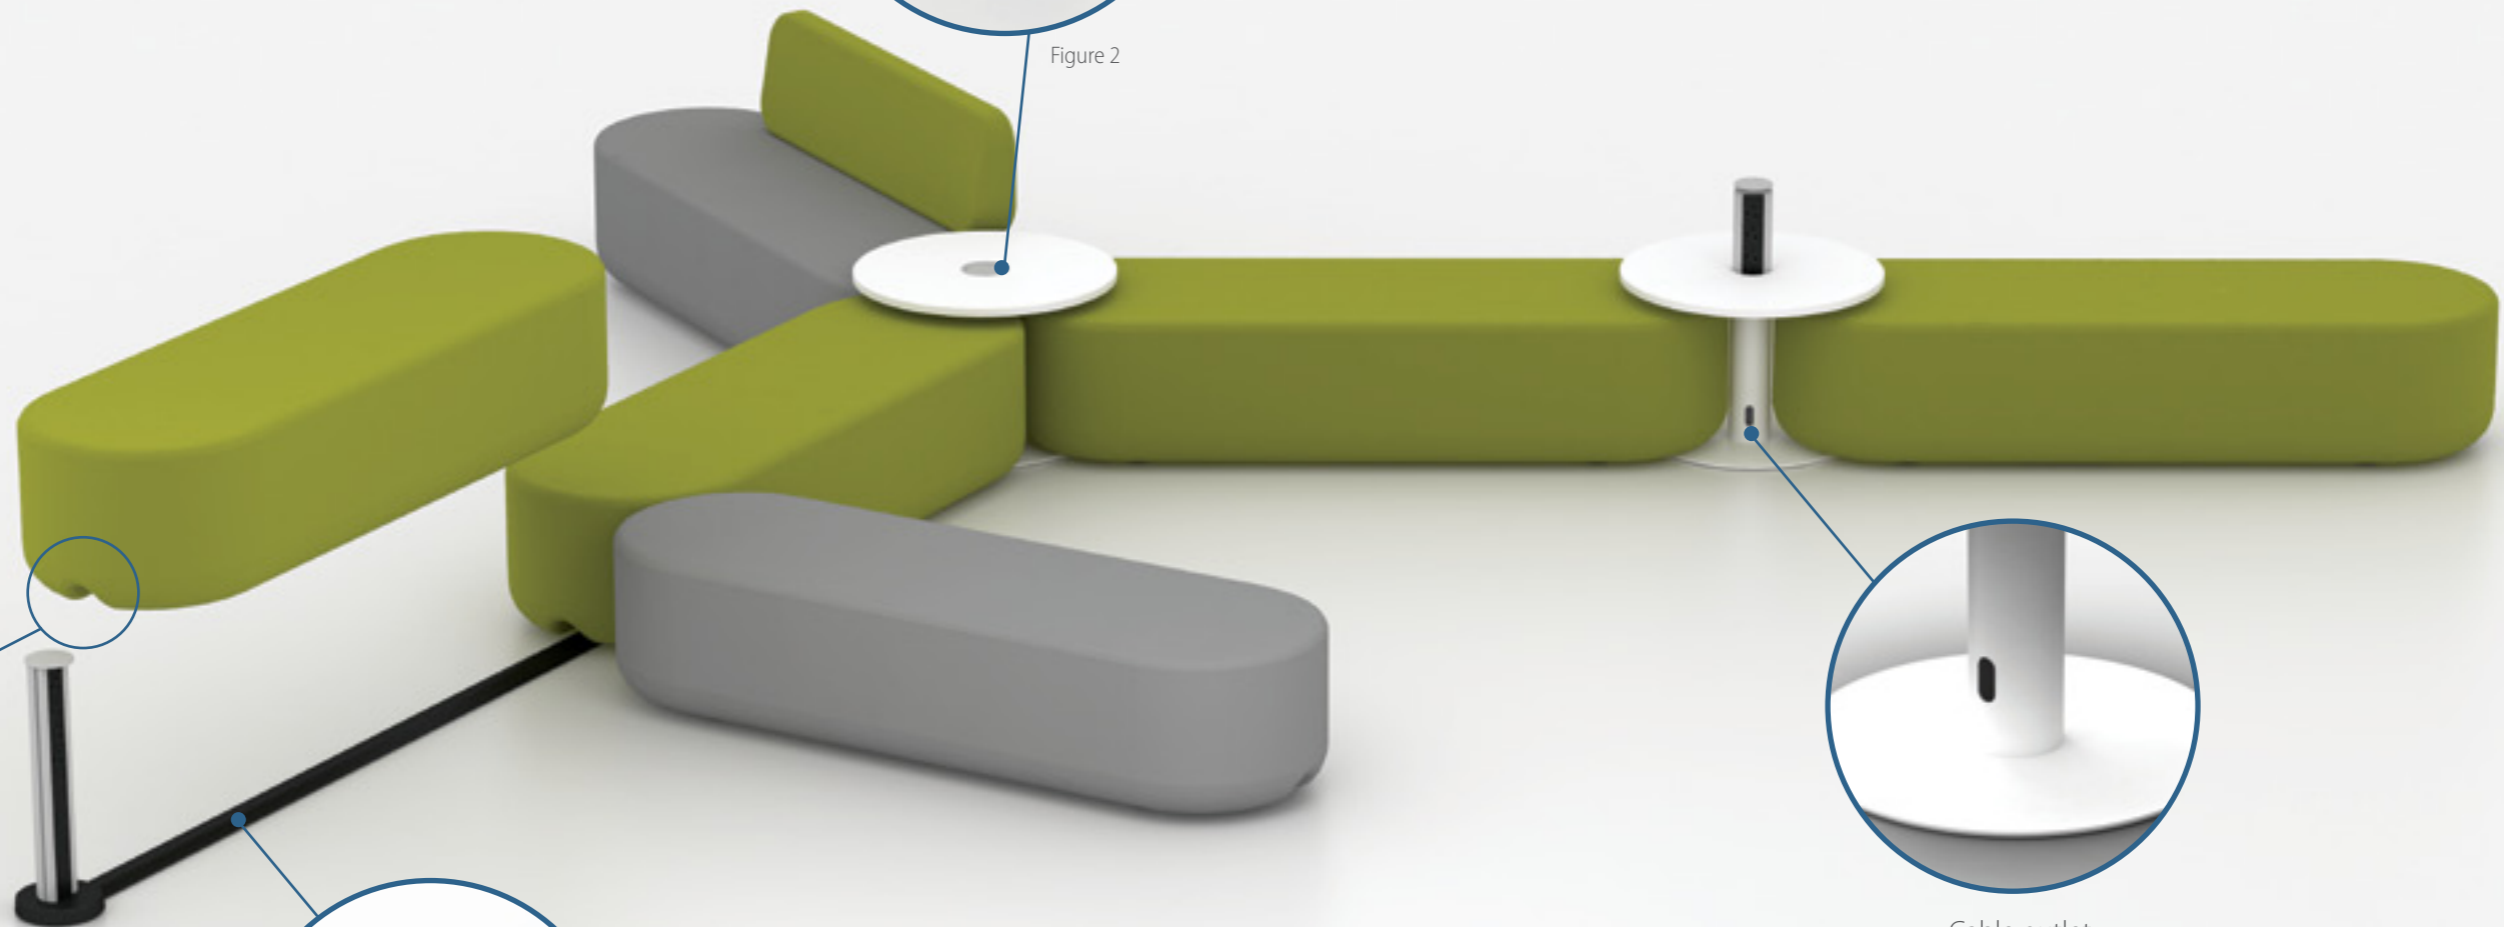

Figure 1

- Retractable power and data outlet, **Netbox Move:**
- Comes in 2 up to 5-gang standard configurations
  - Standard model for power and data modules
  - Plane surface when closed

Figure 2

Bench range is designed with cable groove underneath, it keeps cable channel out of sights.

Cable outlet.

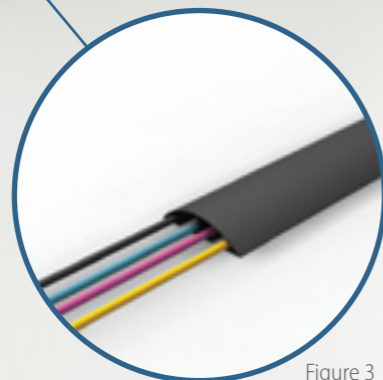

Figure 3

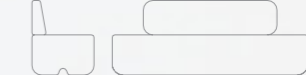

Cable channel that lay flat on the floor, provides easy and practical solutions to manage cable. It keeps cable neatly and safely tucked away.
